

Match Day Requirements for Players and Parents

Dear Members,

Ahead of the commencement of this season's matches, please note what we require of you in order to keep yourselves and your team safe in the COVID-19 environment.

- Please avoid travelling via Public Transport where possible.
- Please bring your own personal equipment wherever possible to minimise equipment sharing. Please bring your own drink bottle(s).
- Please come to training dressed ready to play and leave your personal equipment at least 1.5m away from anyone else's.
- Please check-in before, and check-out after, any cricket activity using the QR codes provided at the ground. Seek out an alternative check-in method if you are unable to use the QR Code.
- Please sanitise your hands before and after the match, and during any breaks in play.
- Please maintain social distance of 1.5m from other people wherever possible.
- Please familiarise yourself with any other match day protocols or playing conditions that have been introduced by Cricket NSW and act accordingly.
- We request that you adopt the mantra of "Get In. Play. Get Out." and minimise any unnecessary mingling in carparks and other areas.

Thank you in advance for your co-operation.

Regards,

Jim Cattlin

COVID Officer & Hon Sec
